

## Easton Creek Watershed Projects

The Easton Creek watershed extends from Skyline Boulevard (adjacent to Highway 280) to the San Francisco Bay (Bay). In the upper drainage area (Skyline Boulevard), the watershed is bounded by Hillside Drive to the north and Canyon Road to the south. In the lower drainage area (close to the Bay), it is bounded by Hillside Drive on the north and Broadway on the south.

### Projects

- Marsten Pump Station Improvements (completed)
- Outfall Pipeline, Marsten PS to SF Bay (completed)
- Easton Creek Improvements
